Instructions - Evernote

remove individual cookies option; instead, click the **Show Cookies** button on the right side of the page.

Manage Cookies and Site Data

The following websites store cookies and site data on your computer. Firefox keeps data from websites with persistent storage until you delete it, and deletes data from websites with non-persistent storage as space is needed.

Site	Cookies	Storage	 Last Used
mail.google.com	7	7.7 MB	6 days ago
web.facebook.com	0	3.4 MB	yesterday
www.facebook.com	0	2.7 MB	last month
twitter.com	11	1.9 MB	13 minutes ago

6 Review your browser's cookies. Firefox cookies are organized by site. Double-clicking a site's folder will display its cookies, and clicking a cookie will display its specific attributes.

Method 3

Microsoft Edge

×

2 Navigate to a site whose cookies you wish to view. Since Edge doesn't store your cookies in a specific Settings folder, you'll need to visit the site to which the cookies relate.

			Send feedback Extensions	wikiHow
	 Click F12 Developer T menu. Clicking this option the Microsoft Edge window. You can also press the 	ools. This option is on prompts a pop-up version of the second se	near the middle o window to appear is window.	of the drop-down at the bottom of

- **Click** Settings . It's in the lower-right side of the "Browsing history" section.
 - If you don't see **Settings**, first click the **General** tab at the top of the Internet Options window.

6 Review Internet Explorer's cookies. The files in this folder are all temporary files from browsing, but any file with "cookie:[your username]" in its name is a cookie.

 Unlike most browsers, you cannot view an Internet Explorer cookie's specific attributes.
