

Warminster School
Parental Confirmation of UK Educational Guardian

Warminster School requires that every pupil whose parents are not permanently resident in the UK must have an Educational Guardian for the duration of their studies. Educational Guardianship is necessary for the safe provision of holiday and emergency residential accommodation to your child, and it also provides a valuable means of support for an international pupil whilst they are in the UK by allowing them to have another adult outside of school to whom they can turn to for assistance or advice.
Please see Warminster School Guardianship Policy for full details.

Please print and complete this form and sign by hand – the form should not be signed electronically.
