

Warminster School A-Level Photography Summer Project

1707

Photography is an Art course so I will expect you to be creative, think of yourself as an Artist, over the summer you are expected to begin your exploration

Task 1 – Colour

Pick a colour and hunt down that colour. Look for it everywhere. A small detail, a section, an object, a door, a car, a chair, carpet, clothing etc. the possibilities are endless.

It will inspire you to look at the world we live in!

Take 15-30 images Place your images in a PowerPoint and add notes about the images taken. (Location / time of day / mood / inspiration)

Task 2 - Photographic Scavenger Hunt.

Some things are very literal but some are more open to interpretation. This should force you to take shots of things you might not otherwise consider shooting. Please try to capture all the below.
